Aluminum die casting

Outdoor plastic

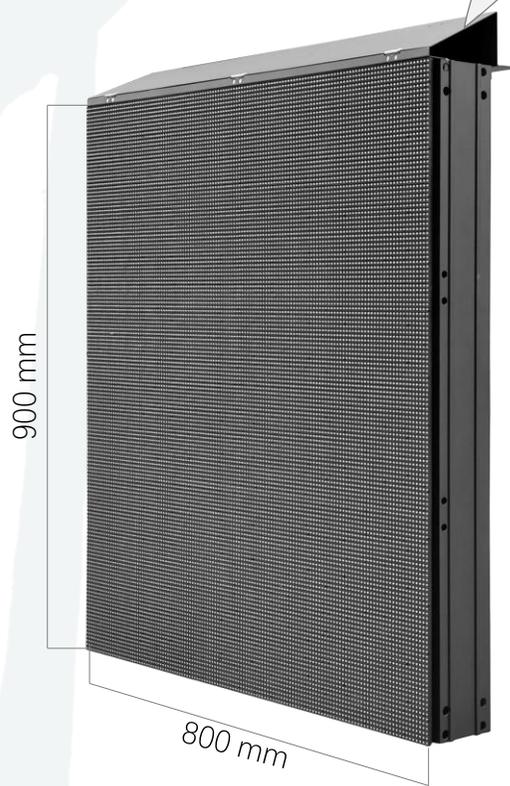

RIBBON DISPLAY

CABINET

800(W)*900(H) mm

RIBBON

Cable protection cover

Power and signal interface

Specially designed sliding groove

RIBBON DISPLAY SPECIFICATIONS

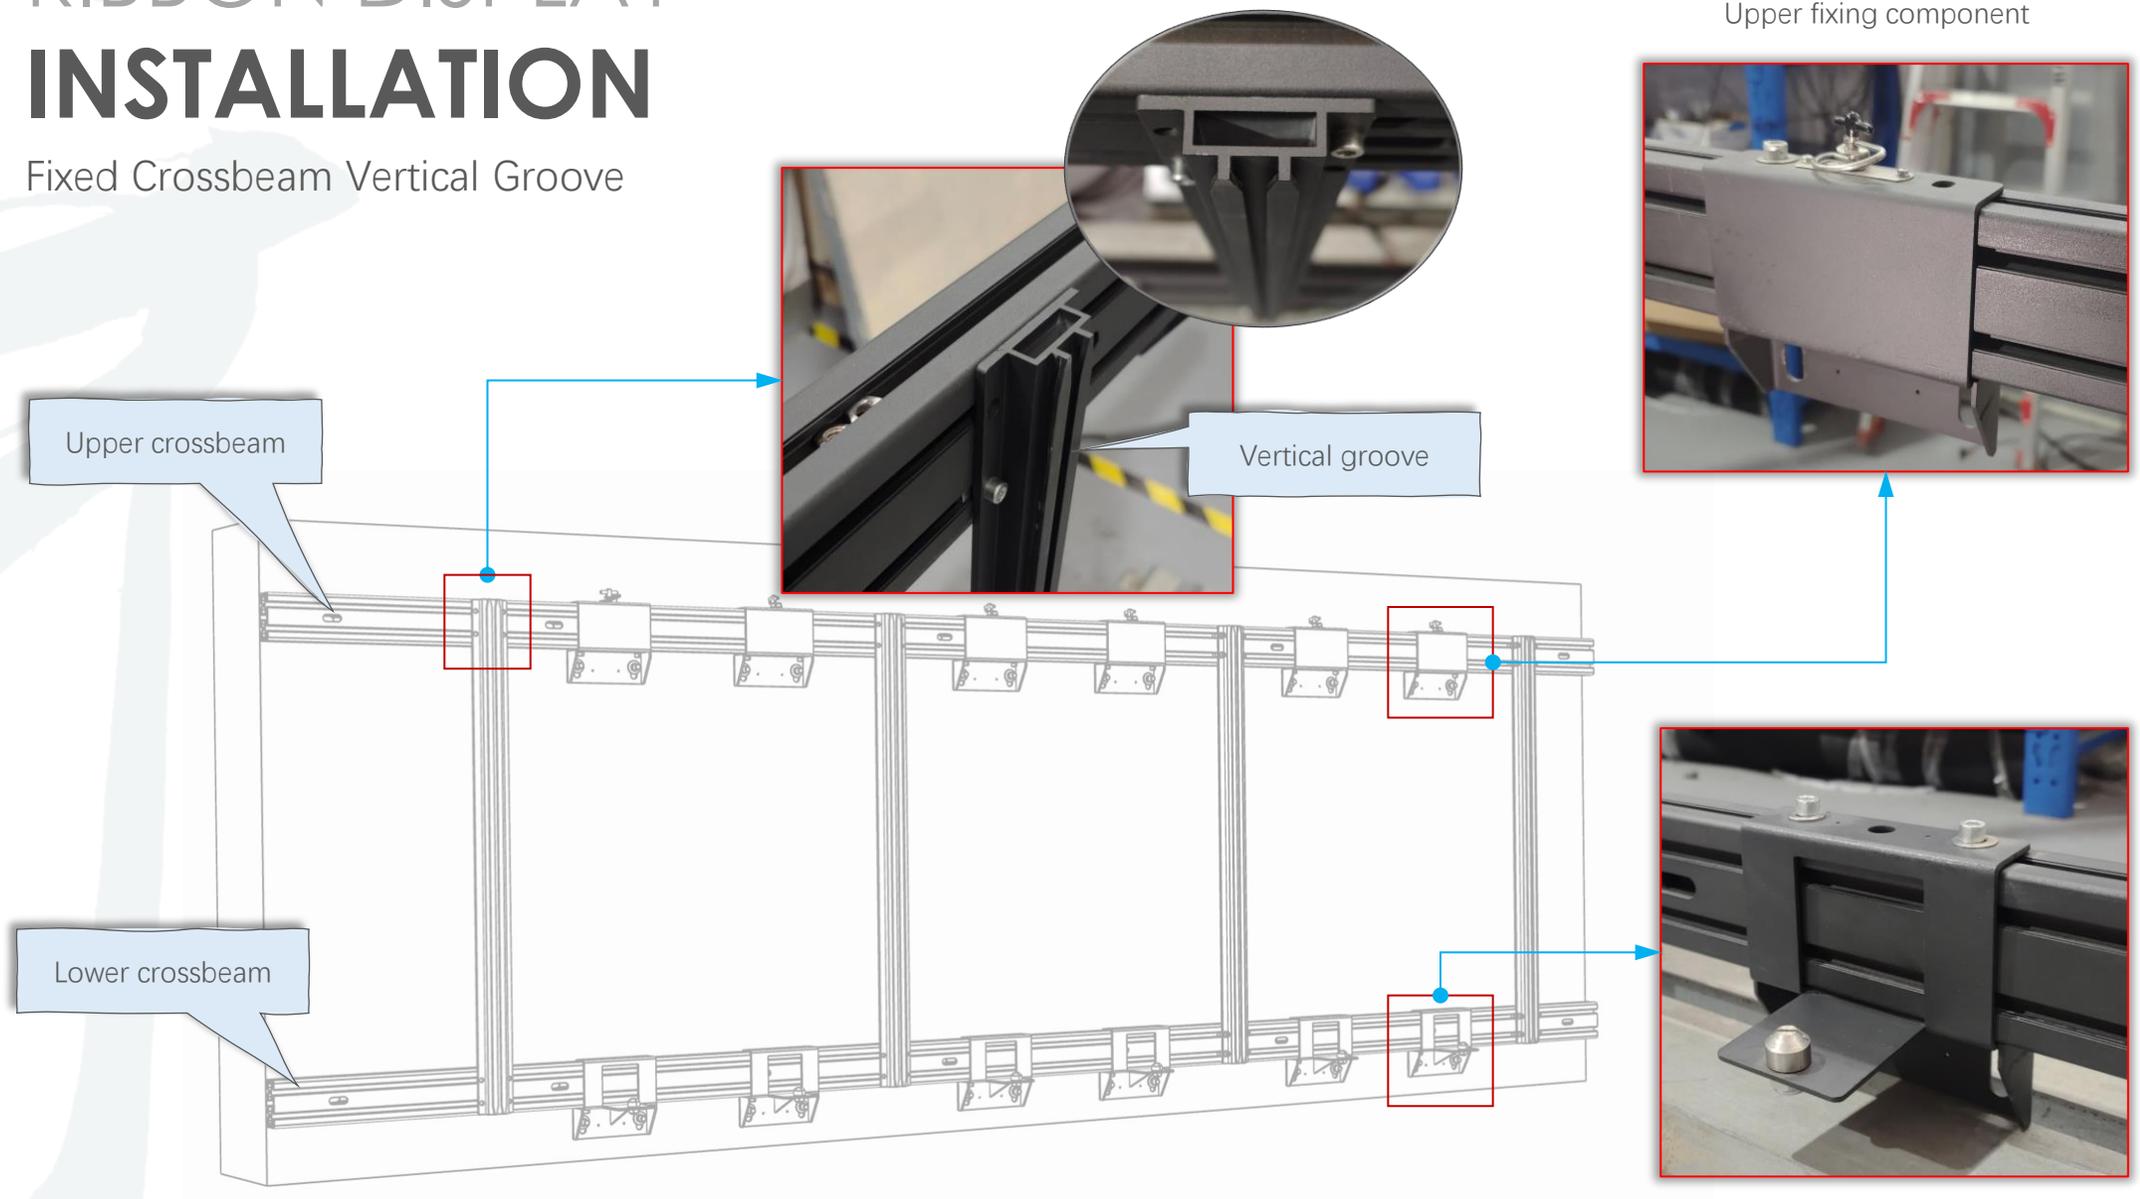

Product Mode: Pine-Ribbon

PRODUCT MODE	PR-5	PR-6	PR-8	PR-10
Pixel Pitch (mm)	5	6.25	8.33	10.00
Pixel Density (dots/m ²)	40,000	25,600	14,400	10,000
Module Dimensions (mm)	400*300	400*300	400*300	400*300
Cabinet Dimensions (mm)	800*900	800*900	800*900	800*900
Cabinet Matrix (dots)	160*180	128*144	96*108	80*90
Cabinet Weight (kg/cabinet)	23	23	23	23
Refresh rate (Hz)	3840	3840	3840	3840
Color Processing (bit)	16	16	16	16
Max. power consumption (w/cabinet)	540	540	540	540
Brightness (nit)	5500-6000	5500-6000	5500-6000	5500-6000
Contrast Ratio	10000 : 1			
Viewing Angle(H/V)	160° /160°			
Ingress Protection	IP66 front / IP65 rear			
Cooling	Thermal nature ventilation			

RIBBON DISPLAY INSTALLATION

Fixed Crossbeam Vertical Groove

RIBBON

Upper crossbeam

Vertical groove

Lower crossbeam

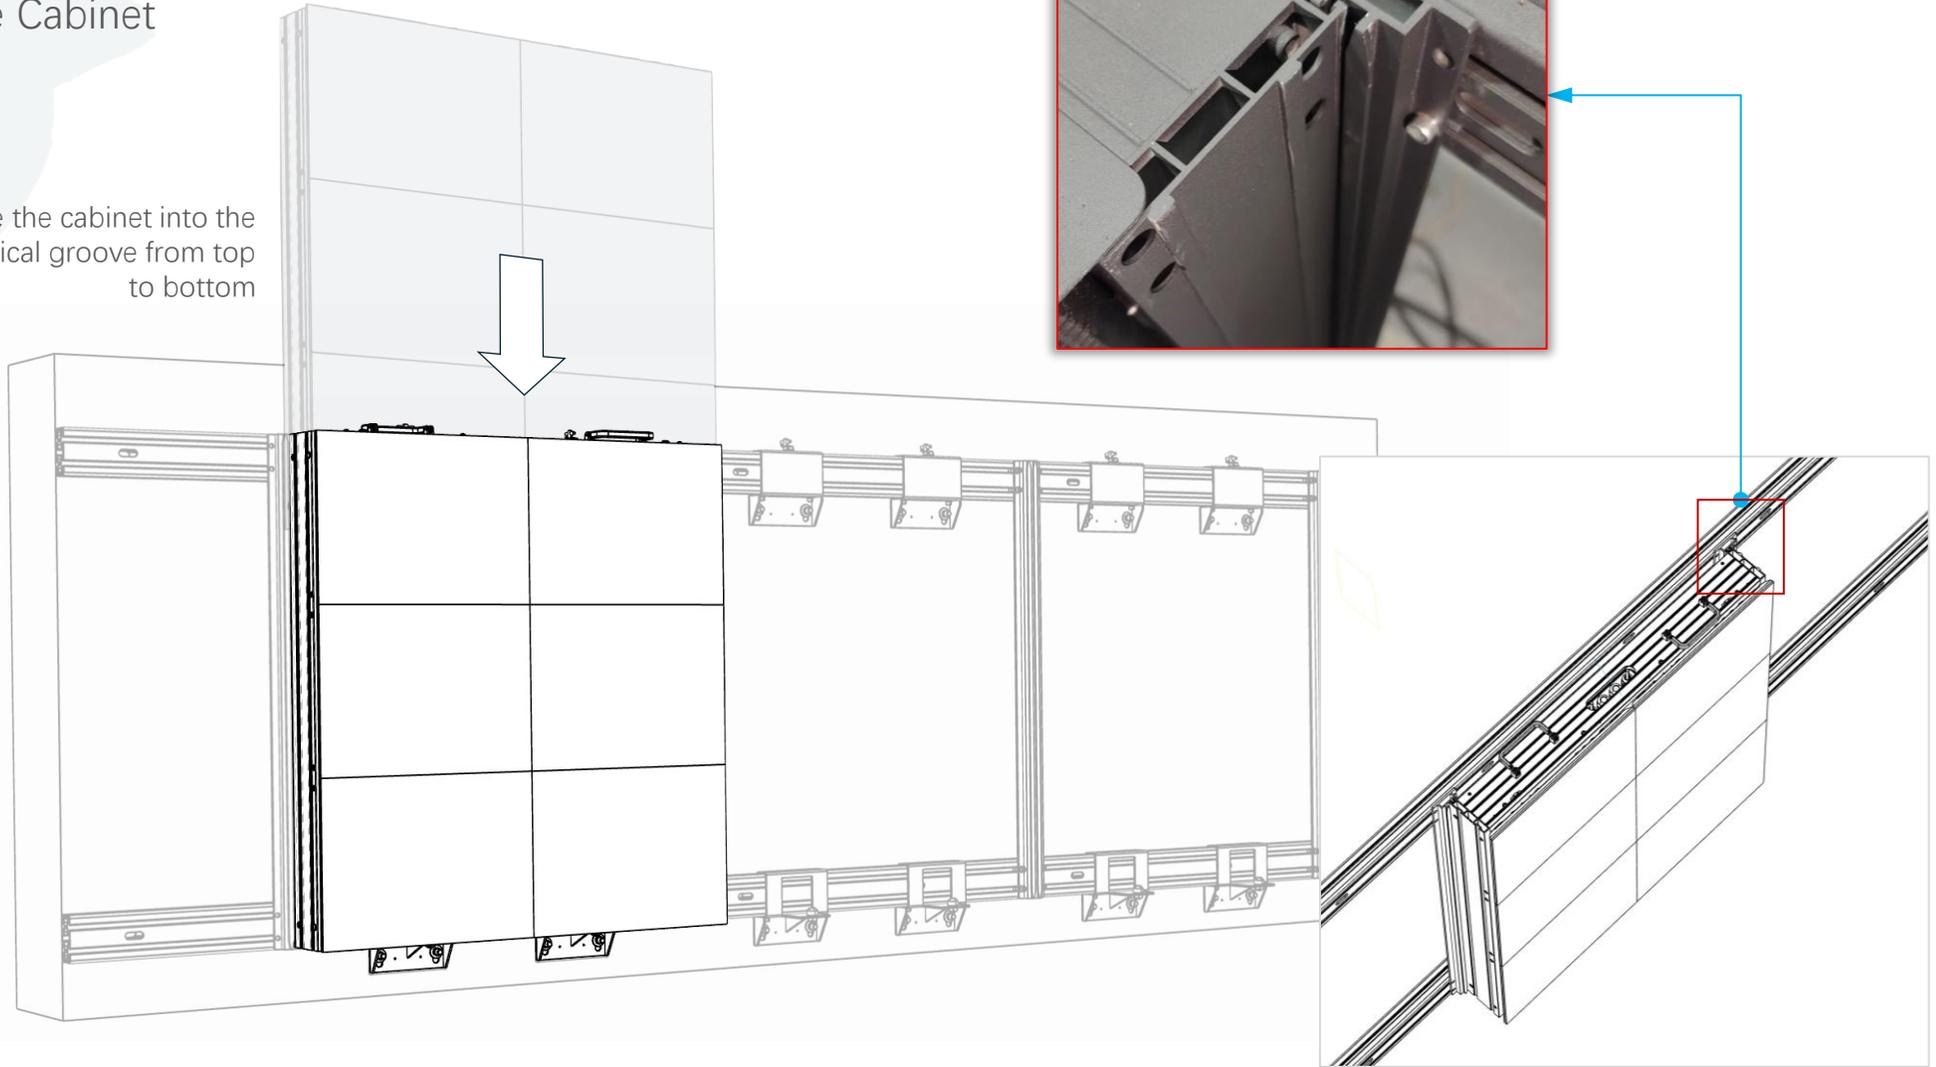

Upper fixing component

Lower fixing component

RIBBON DISPLAY INSTALLATION

Install The Cabinet

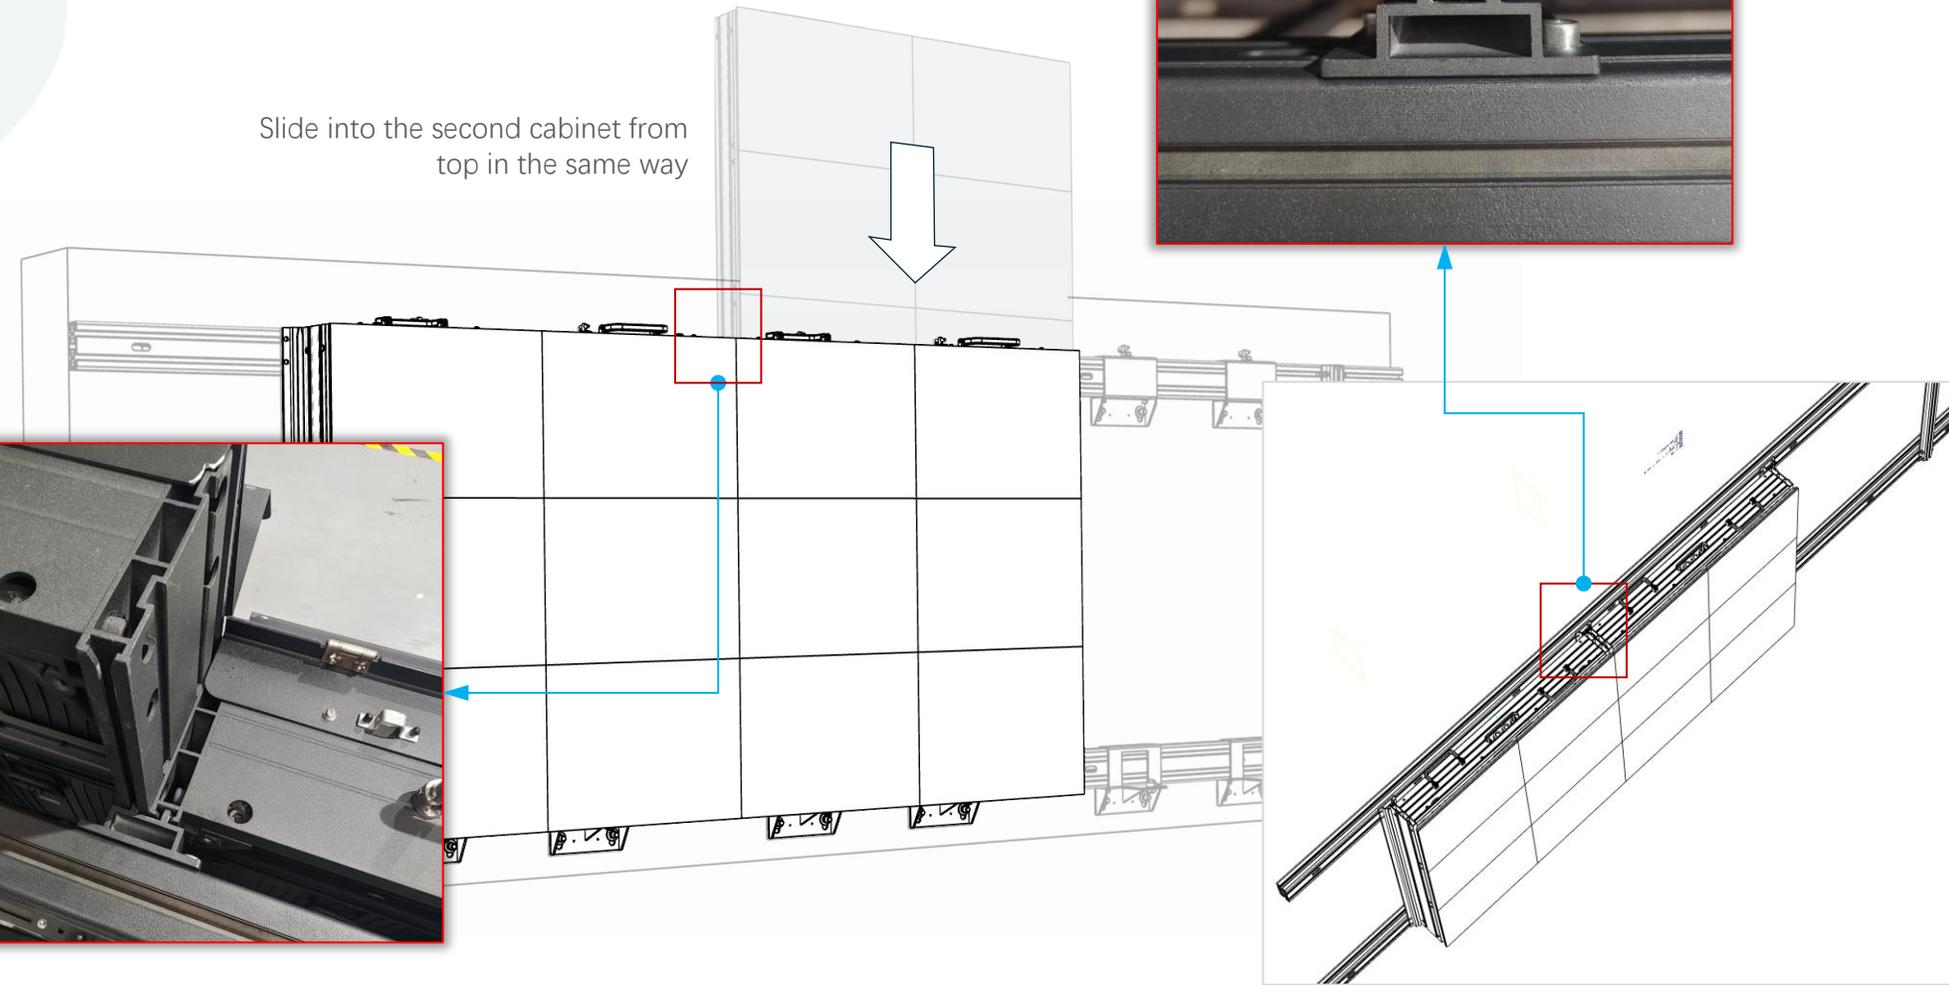

Slide the cabinet into the
vertical groove from top
to bottom

RIBBON DISPLAY INSTALLATION

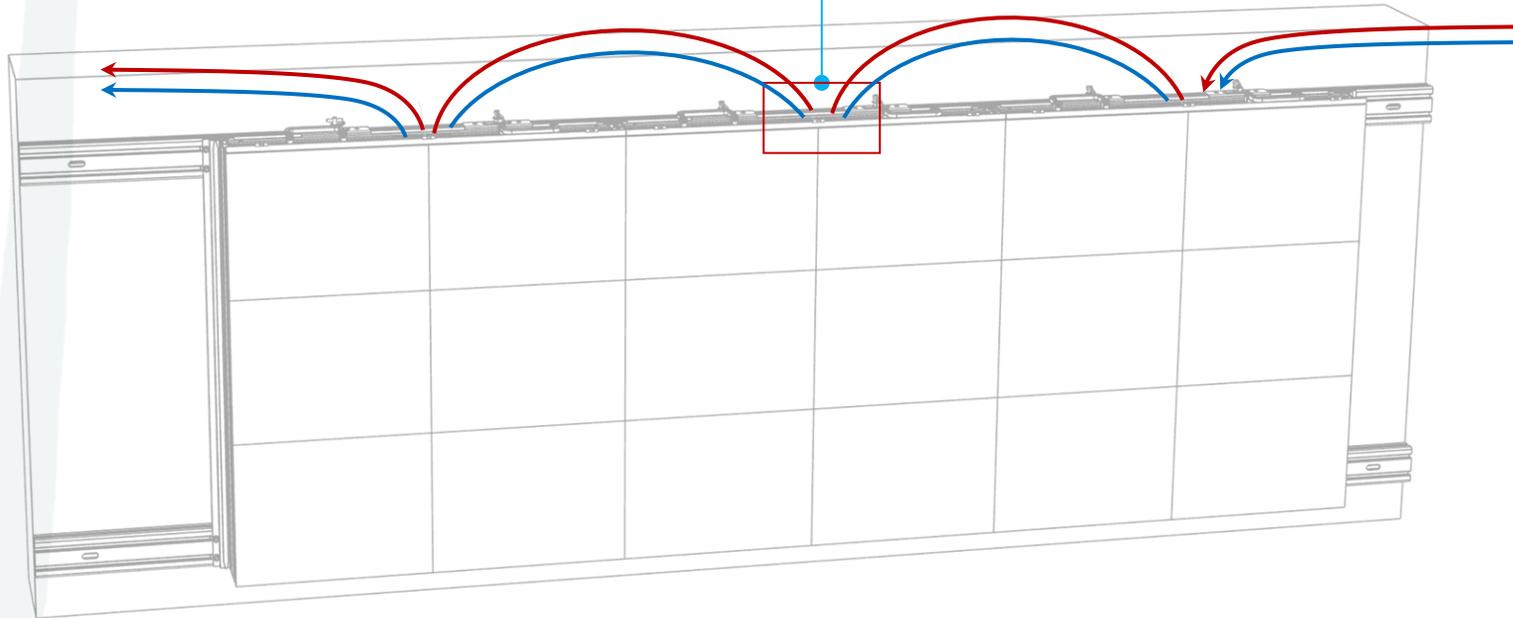

Install The Cabinet

Slide into the second cabinet from top in the same way

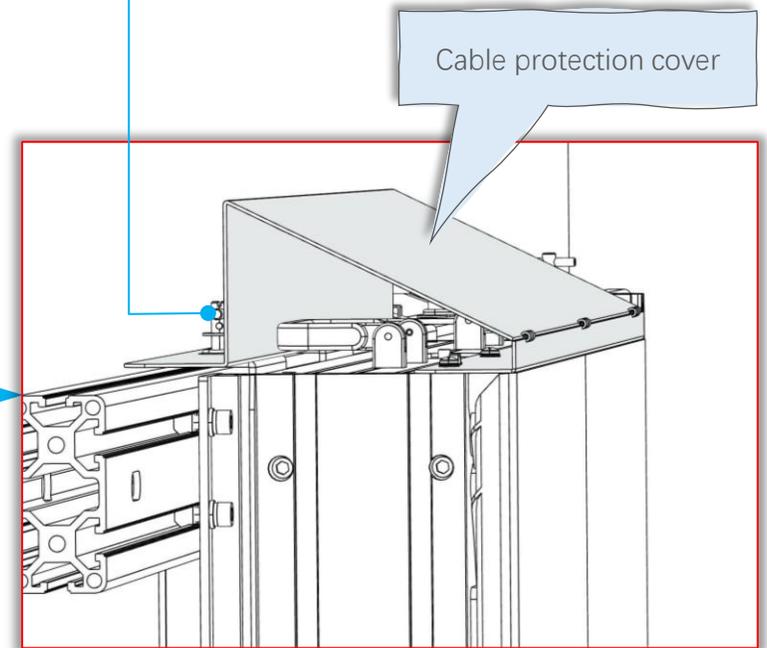

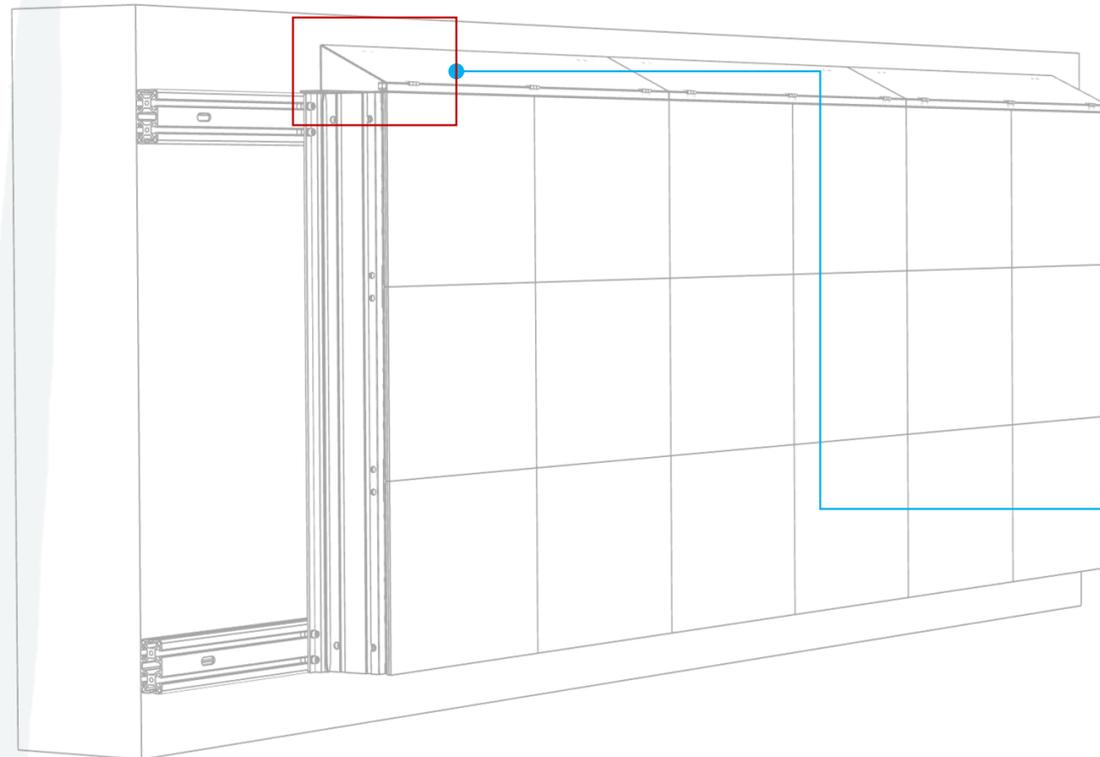

RIBBON DISPLAY INSTALLATION

Cable connection

RIBBON DISPLAY INSTALLATION

Cable protection cover

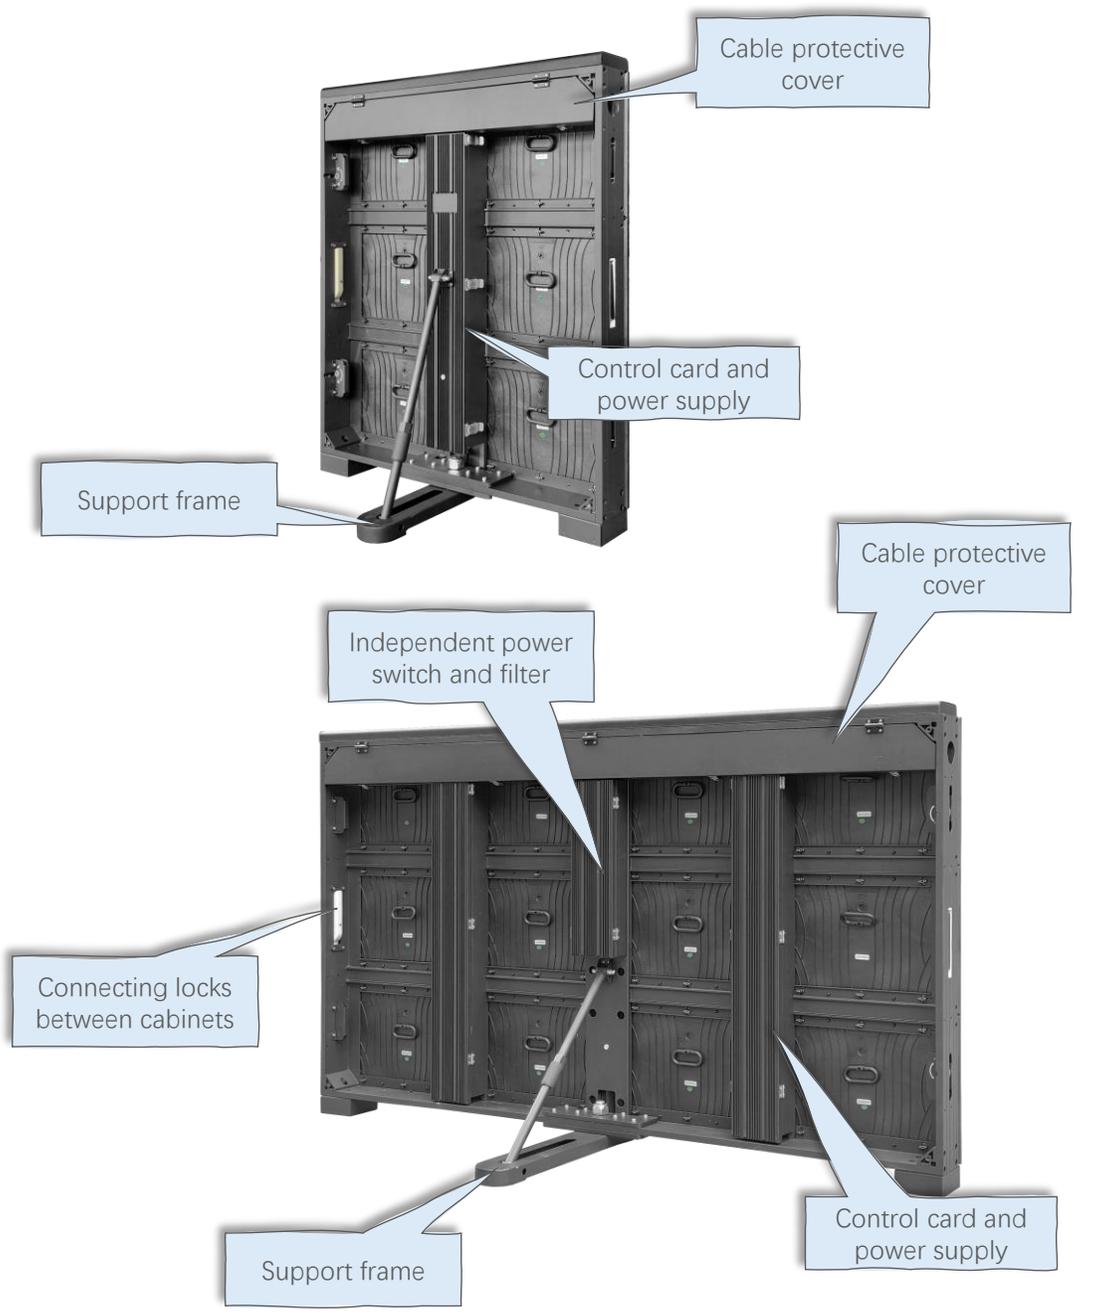

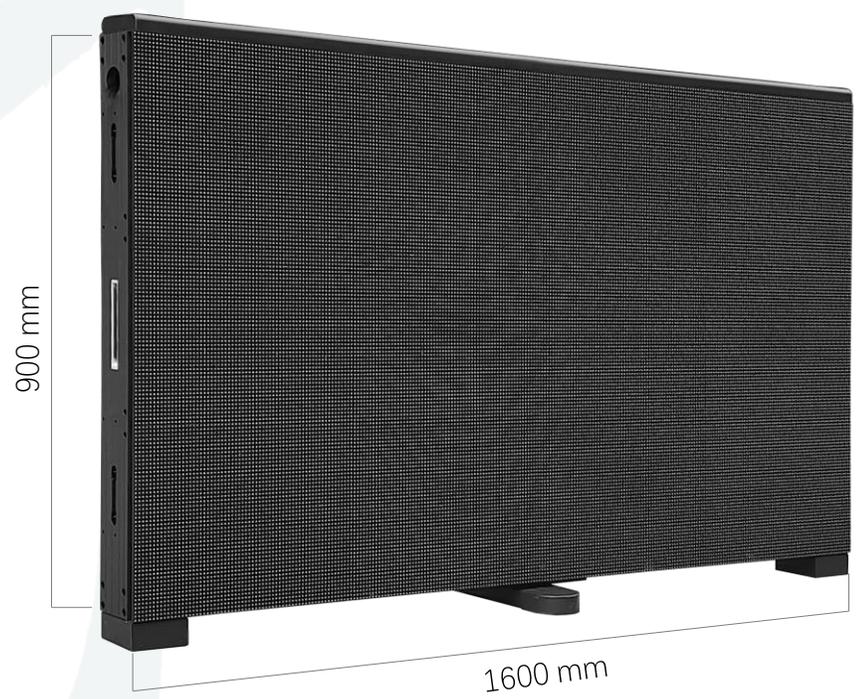

FENCE DISPLAY

CABINET
